

## TMSnet™

## Sale by contract - We sell your surplus electronics

**Let TMS take care of external sales of your surplus material. We are your channel to the open market, offering streamline surplus management!**

- ▶ Channel the sale of your surplus stocks with electronic components through TMS. You avoid unnecessary hassles and save time and money! Our personnel are experts in the industry and ensure that your components are handled correctly, sold at the right price, and that any necessary translation to the manufacture's article number takes place.
- ▶ You keep the surplus material on your site and supply us simply with an updated stock list. We market your stocks in the leading databases on the Internet and report sales to you online through our customer website.
- ▶ All sales of your surplus material are shown in real-time online through our password-protected customer website. It's simple, convenient and easy to monitor. All information about sales is fully available to the owner and can be accessed at any time.

TMS Electronics AB -  
Your complete partner for  
electronic components
